

# Weeden Farm Trail

**Points of interest:** Located in a glacial outwash plain, this easy to walk trail features pastoral views of stone walls and fields actively cultivated for hay and corn. Visitors also may enjoy views of fields managed for wildlife habitat and a large grove of larch trees. Ample parking can be found next to the South Kingstown Land Trust Barn, site of our annual auction and many other events throughout the year.

**Directions to Trailhead:** From Route 1 southbound take the exit marked Matunuck Beach Road. Take the second driveway on the right (17 Matunuck Beach Road) and park in the lot for the South Kingstown Land Trust Barn. The trail starts just inside the opening in the stone wall as you enter the parking lot.
